

**CV Dr. Giovanni N. Roviello, Ph.D. [giroviel@unina.it](mailto:giroviel@unina.it)**

**Researcher at IBB-CNR**

**H-index: 25 (Scopus), 24 (WoS), 27 (Google Scholar)**

June 2002: Degree in Chemistry cum laude. Federico II University, Naples, Italy

November 2002-January 2006: Ph. D. in Biotechnology. Federico II University, Naples - Italy. Thesis: PNA/DNA chimeras for biotechnological applications.

November 2006-today: CNR Researcher at Institute of Biostructure and Bioimaging of National Council for Research (IBB-CNR).

7th January 2019 -28th January 2019: visiting researcher at Friedrich-Alexander University - Erlangen, Germany. CNR Short Term Mobility programme (STM 2018 prot.n. CNR0067802/2018 - 15/10/2018)

**Project Leaderships for the projects:**

-Nucleopeptides for biomedical strategies: Joint research Project CNR/SRNSF (Georgia) cooperation (CNR Prot. N. 0001165 del 10/01/2011);

-Sintesi chimica di agenti chemiluminescenti (prot. IBB CNR N. 0001626 25/09/2012; prot. IBB CNR N.0001024 30/04/2014) in collaboration with Altergon Italia S.r.l.

-Nuovi sistemi nucleopeptidici per applicazioni diagnostiche; LR n.5.A.2007 - Regione Campania;

-CNR scientific leader for: EU project NoBiasFluors, H2020, 872331 (1st Jan 2020- 1st Jan 2024) <https://cordis.europa.eu/project/id/872331> (eur 92,000 for IBB CNR);

-project OR5 'SISTEMI DI DIAGNOSTICA PRE- E POST-NATALE A SUPPORTO DELLA CONSULENZA GENETICA PRE-NATALE' of MIUR project PON03PE\_00060\_4 (eur 104,000 for IBB CNR)

**Author of more than 100 scientific publications. Bibliography:**
